## Objective

Dedicated and detail-oriented Web Developer with a passion for creating efficient and user-friendly websites. Proven track record in facilitating technical and soft skills training, combined with hands-on experience in developing simple yet impactful web projects. Seeking a challenging position to leverage my skills in web development and training to contribute to a dynamic team.

## Skills

- **Web Development:** HTML, CSS, JavaScript, React, TypeScript, Bootstrap
- **Version Control:** Git
- **Soft Skills:** Training and Facilitation, Communication, Problem Solving
- **Tools:** Visual Studio Code
- **Technical Writing:** Documentation, Blogging, Tutorials
- **Curriculum Development**
- **Leadership and Team Management**
- **Basic Computer Training**

## Professional Experience

### Web Developer | Bitpoint Inc, Remote | March 2022 - Present

- Collaborated with cross-functional teams to design and develop responsive and user-friendly websites.
- Utilized HTML, CSS, JavaScript, and various front-end frameworks to implement visually appealing and functional interfaces.
- Conducted thorough testing and debugging to ensure optimal performance across different browsers and devices.
- Contributed to the creation of RESTful APIs for seamless integration with back-end services.
- Implemented version control using Git for efficient code management and collaboration.

### Head of Training | Tatitech, Yola, Nigeria | November 2023 - Present

- Spearheaded the training department, overseeing the development and delivery of web development and basic computer training programs.
- Designed and implemented a comprehensive curriculum, ensuring alignment with industry standards and emerging technologies.

- Conducted training needs assessments and developed tailored programs to address the skill gaps within the team.
- Led a team of trainers, providing guidance, mentorship, and fostering a positive learning environment.
- Collaborated with industry experts to stay updated on the latest trends and technologies in web development.

### **Training Facilitator | Jobberman Nigeria, Part Time | August 2022 - Present**

- Conducted soft skills training sessions for individuals and teams.
- Provided guidance and mentorship to learners, fostering a positive and collaborative learning environment.
- Evaluated training effectiveness through assessments and feedback, making continuous improvements.

### **Contractor Technical Writer | Draft.dev, Remote | June 2022 – February 2023**

- Authored technical documentation, blog posts, and tutorials for clients in the software development industry.
- Translated complex technical concepts into clear, concise, and user-friendly documentation.
- Conducted interviews with subject matter experts to gather information **and** insights for content creation.

### **Technical Blogger | Profile: [tealfeed.com/sagirgarba](https://tealfeed.com/sagirgarba) | February 2022 - Present**

- Published technical articles on Tealfeed, covering topics related to web development, programming languages, and best practices.
- Engaged with the tech community by participating in discussions, answering queries, and sharing knowledge.

## **Projects**

- <https://sagir-game-hub.vercel.app/> : Developed a responsive Game-hub website using React/TypeScript, Chakra UI and API from rawg.io

## **Certifications**

- Full Stack Web-Developer – freeCodeCamp.org
- Fundamentals of Digital Marketing – Google
- Instructor 1 year of service - CISCO

## **Education**

- **National Certificate in Education in Computer Science/Physics | Federal College of Education Yola, Adamawa, Nigeria | 2018**
